

Centerville Arts Commission and the Centerville-Washington Diversity Council Announce Winners of Student Art Contest

Ten local students took top prize in the first annual "Diversity in our Community" art contest, sponsored by the Centerville Arts Commission and Centerville-Washington Diversity Council. The contest, open to all K-12 students attending school in Centerville or Washington Township, challenged students to create a piece of art around a theme: "Diversity in our Community."

"We were so impressed with the quality and delighted with the quantity of entry submissions," said Tiffany Shaw-Diaz, Centerville Arts Commissioner and chair of the Diversity Art Contest Committee. "We received nearly 50 outstanding entries which far exceeded our expectations. Since the quality of the work was so high, we decided to award not one, but ten winners," she said. Each student received a \$10 gift card to United Art and Education. Winning artwork was displayed at the Centerville-Washington Diversity Council's annual Martin Luther King, Jr. breakfast.
